

# Crown Points Club

Dear Member:

Please find below details of your Management Charge liability for 2023 in Pounds Sterling or Euro.

We have carefully considered the rate of Management Charge for 2023, including the needs of the individual members and the requirements of the Club as a whole. As you will be aware, there was no increase in the rate of Management Charge for the former Crown Resorts' membership for 4 years prior to 2019 and the rate for 2019 was just 2.23% above that charged in 2015.

For Founder Members of Crown Points Club, the Management Charge for 2020 was waived and the rate for 2021 and 2022 was charged at 13% less than the 2019 rate.

For 2023 it has been decided that an increase is necessary to account for the weakening of Pound Sterling against the Euro and particularly inflation over the past 3 years.

A full schedule of the Management Charges for 2023 is shown below.

To benefit from the Prompt Payment Rate, you need to pay in full by 31st December 2022. Payments received after 31st December but before 1st February 2023 (including monthly payments) will be charged at the Deferred Payment Rate.

If you wish to spread the cost, we offer the option to pay by Direct Debit in 12 equal monthly instalments in Sterling for members with a bank account in UK or Euro for members with a bank account in Spain. For further information please contact [crownpoints@crownsresorts.com](mailto:crownpoints@crownsresorts.com).

Payments received after 31st January 2023 will be charged at the Late Payment Rate, so we do urge you to pay before then. Details of how you can pay are below. Please note the change of bank account details to make a bank transfer.

# Crown Points Club Points Values

Last year, the points value for all members who had an occupation right in an apartment with a lower Points value than a Sapphire Collection apartment, which is a 2 bed 2 bathroom apartment in Club Marbella, was increased to that level. Please find below the points value for your former week(s).

Season	1	2	3	4	5	6	7	8	9
	Weeks	Weeks	Weeks	Weeks	Weeks	Weeks	Weeks	Weeks	Weeks
	1-5	6-7		20-21	22-24	25-26			
	8-9	10-11	12-19	39-40	37-38	36	27-28	29-34	35
	46-50	43-45		51-52	41-42				
Points	22,000	29,000	36,500	44,000	51,000	58,500	69,500	73,000	65,500

For example, if your former Crown Resorts' membership was in week 30 in Club Delta Mar (Season 8) and as a result of the SGM you were allocated 56,500 points in Crown Points Club, your account will be credited with an additional

16,500 points every year to give you a total of 73,000 points. Demand will be high during 2023 as there is only a finite availability and many holidays were cancelled in previous years.

## How can I use these additional points?

You may use these additional Points within RCI to give you greater purchasing power thereby increasing your exchange choices of where and when you holiday with them.

These additional Points will be used in accordance with RCI's membership terms. You can choose to return to Crown Resorts in the same week as you previously owned and these additional Points will enable you to stay in any apartment within Club Marbella subject to availability.

All of this really enhances your membership benefits of Crown Points Club and we hope that you have great holidays in 2023 wherever you may take them.
