

Crown Points Club

Dear Member

Please find below details of your Management Charge liability for 2027 in Pounds Sterling or Euro.

We have carefully considered the rate of Management Charge for 2027, including the needs of the individual members and the requirements of the Club as a whole.

We remain committed to limiting the impact of inflation on members' management charges wherever possible. Over recent years, we have worked hard to keep management charge increases below the prevailing rate of inflation. However, the rising cost of operating Club Marbella and maintaining its infrastructure means that, this year, a 3% increase is necessary to ensure we continue to meet the standards members expect. It is important that we maintain the resort to a high level in order to retain the highest value for your exchanges or your stay at the resort.

A full schedule of the Management Charges for 2027 is shown below.

To benefit from the Prompt Payment Rate, you need to pay in full by 31st December 2026. Payments received after 31st December but before 1st February 2027 (including monthly payments) will be charged at the Deferred Payment Rate.

If you wish to spread the cost, we offer the option to pay by Direct Debit in 12 equal monthly instalments in Sterling for members with a bank account in UK or euro for members with a euro bank account. For further information please contact crownpoints@crownresorts.com.

Payments received after 31st January 2027 will be charged at the Late Payment Rate, so we do urge you to pay before then. Details of how you can pay are below.

Crown Points Club Points Values

In 2021, the points value for all members who had an occupation right in an apartment with a lower points value than a Sapphire Collection apartment, which is a 2 bed 2 bathroom apartment in Club Marbella, was increased to that level. Please find below the revised points value for your former week(s).

Season	1	2	3	4	5	6	7	8	9
	Weeks	Weeks	Weeks	Weeks	Weeks	Weeks	Weeks	Weeks	Weeks
	1-5	6-7		20-21	22-24	25-26			
	8-9	10-11	12-19	39-40	37-38	36	27-28	29-34	35

For example, if your former Crown Resorts' membership was in week 30 in Club Delta Mar (Season 8) and as a result of the 2019 SGM you were allocated 56,500 points in Crown Points Club, your account will be credited with an additional 16,500 points every year to give you a total of 73,000 points.

How can I use these additional points?

You may use these additional points within RCI to give you greater purchasing power thereby increasing your exchange choices of where and when you holiday with them.

These additional points will be used in accordance with RCI's membership terms. You can choose to return to Crown Resorts in the same week as you previously owned and these additional points will enable you to stay in any apartment within Club Marbella subject to availability.

All of this really enhances your membership benefits of Crown Points Club and we hope that you have great holidays in 2027 wherever you may take them.
